# Premium Quality Threads

Shoes, Sofas, Upholstery Mattresses, Apparels,  
Quilts Outdoor Gear, Automotive Technical  
Textiles, Safety Wear

# About us

India, is a premier manufacturer and exporter of high-quality threads, serving the textile industry for over 35 years. Renowned for our commitment to excellence, we offer an extensive range of threads that include over 500 colors in ready stock, meeting the diverse needs of our global clientele.

Founded with the vision of establishing a prominent name in the thread manufacturing industry, we are dedicated to producing top-tier products through state-of-the-art technology, stringent quality control, and exceptional customer service. Our threads are OEKO-TEX certified, ensuring they meet the highest international standards for safety and quality.

Our specialty lies in providing a wide array of threads, from vibrant hues to subtle shades, that enhance the durability and appeal of your creations. We are committed to sustainability, incorporating eco-friendly production processes and recycled raw materials to minimize our environmental footprint.

## Our Manufacturing Capabilities

<b>Twisting</b>	Single Twisting, Double twisting
<b>Dyeing</b>	Heat-setting, Package Dyeing, Solution Dyeing, Bleaching, Automotive Dyes, Fluorescent and Multi-colour
<b>Treatment</b>	Wax, Semi-Wax, Lubricate, Extra-Lubricate
<b>Winding</b>	Precision Winding, Soft Winding, Reels, Cones

# Poly Poly Corespun Sewing Thread

## KEY BENEFITS

- Strengths of high tenacity polyester filament and softness of polyester fibres on the seams
- Good thermal resistance
- No problem of melting of threads on high speed machines
- Available in a wide range of shades and packaging

## APPLICATIONS

Denims, upholstery, bedding & mattresses, book binding, apparels, suits & formal wear, curtains & drapes

Ticket No.	Tex No	Construction (Denier/Ply)	Breaking Strength (Kg)	Elongation Range %	Recommended Needles (NM)
15	180	4/12	8.20	17-25	150-190

# Polyamide 6 (Nylon 6) Bonded

## KEY BENEFITS

- Micromolecular lubrication to ensure minimum wear and tear of machine parts & trouble free running of thread on machine.
- Controlled low elongation and high tenacity which means even and regular seams and no skipped stitches.
- Available in a range of shades.

## APPLICATIONS

Leather shoes & garments, wallets, sports goods, automobiles seats, upholstery, mattresses, saddlery, tarpaulin, tents, safety belts

Ticket No.	Tex No	Construction (Denier/Ply)	Breaking Strength (Kg)	Elongation Range %	Recommended Needles (NM)
60	45	210/2	2.80	23-31	80-110

7	420	1260/3	24.00	28-36	180-230

# Polyester Lubricated Sewing Threads

## KEY BENEFITS

- Very low elongation and high modulus result in very regular and neat seams
- High resistance to ultra violet rays makes it suitable for use in products exposed to sun
- Micro molecular lubrication results in low wear and tear of machine parts and trouble free running of thread on the machine

## APPLICATIONS

Denims, upholstery, bedding & mattresses, book binding, apparels, suits & formal wear, curtains & drapes

Ticket No.	Tex No	Construction (Denier/Ply)	Breaking Strength (Kg)	Elongation Range %	Recommended Needles (NM)

# Premium Quality 100% Spun Polyester Sewing Thread - High Tenacity

## KEY BENEFITS

- Very high suppleness
- Micromolecular lubrication for very smooth high speed sewing operation
- High resistance to ultra violet radiation
- Available in a wide range of shades & packing
- Very high colour fastness

## APPLICATIONS

Denims, upholstery, bedding & mattresses, book binding, apparels, suits & formal wear, curtains & drapes

Ticket No.	Tex No	Construction (Denier/Ply)	Breaking Strength (Kg)	Elongation Range %	Recommended Needles (NM)
180	16	2/60	0.60	12-19	60-70

# Premium Quality 100% Spun Polyester Thread - Bag Closing

## KEY BENEFITS

- Very high suppleness
- Micromolecular lubrication for very smooth high speed sewing operation
- High resistance to ultra violet radiation
- Available in a wide range of shades & packing
- Very high colour fastness

## APPLICATIONS

Bag Closing, FIBC's, Food Grade Bag Stitching

Ticket No.	Tex No	Construction (Denier/Ply)	Breaking Strength (Kg)	Elongation Range %	Recommended Needles (NM)
25	120	4/20	4.56	14-24	130-160

10	200	4/12	7.77	13-21	130-160
8	240	4/10	9.01	16-24	130-160
8	240	6/15	9.01	15-23	130-160
8	240	8/20	9.02	12-22	130-160

# Textured Polyester Sewing Thread

## KEY BENEFITS

- Excellent seam coverage with lesser thread
- High elongation leads to seam extensibility for stretch fabrics
- Good seam strength and colour life after repeated laundering ensures maximum durability
- Available in a wide range of shades

## APPLICATIONS

Undergarments & lingerie, t-shirts, towels, sportswear & leisurewear, babywear, household textiles

Ticket No.	Tex No	Construction (Denier/Ply)	Breaking Strength (Kg)	Elongation Range %	Recommended Needles (NM)
180	16	150/1	0.60	20-34	70-80
110	24	198/1	0.90	25-30	80-90
90	35	300/1	1.20	20-34	90-110
50	50	150/3	1.80	25-30	80-110
35	60	150/4	2.40	25-30	110-130

# PPMFY (High tenacity Polypropylene Multifilament Yarn)

## SPECIFICATION

- Denier Range :- 400 to 5000
- Flat Yarn
- Air Intermingled Yarn
- Single Twisted
- Two Ply Twisted
- Three Ply Twisted
- With & Without UV
- Tenacity 5.5 to 6.5 GPD
- Available in more than 100 colours

## APPLICATIONS

- Big or Small Bags Stitching
- Narrow Woven Fabric
- Geo Fabric
- Bag Closing
- Ropes
- Safety Belts
- FIBC's & Many More

# PP Tape / Fibrillated / Oiled Yarn

## SPECIFICATION

- Denier Range :- 1000 to 5000
- With / Without UV
- Flat Tape on Paper Core
- Twisted - 50 to 100 TPM
- Available in colours
- Tenacity 5.5 to 7.0 GPD

## APPLICATIONS

- Flat Tape for Fabric Production
- FIBC's

# Twine

2 PLY TWINE

POLYESTER ZUKI YARN

3 PLY TWINE

- Twine for multiple stitching application, fabric, nets etc
- 2 ply & 3 ply
- Available in Jumbo Bobbins
- Twine / Thread on "V" or "Y" cones available on request
- Polyester 2 & 3 Ply (Zuki Yarn)

# Sustainability in Action

## Eco-Friendly Production Processes

Our state-of-the-art facilities minimize waste and conserve energy.

## Responsible Sourcing

We source materials ethically, ensuring sustainability at every step.

## Recycled Raw Materials

Incorporating recycled fibers to reduce reliance on virgin resources.

## Waste Reduction and Recycling

Comprehensive programs to promote a circular economy

## Energy Efficiency

Investing in energy-saving technologies to reduce our carbon footprint.

## Sustainable Packaging

Eco-friendly, recyclable, and biodegradable packaging solutions.

# Our Promise to You

**Innovation and Reliability**

**Sustainable Practices**

**Dedicated to your success**

**Legacy of Trust**

**Consistency & Unmatched Quality**

**Competitive Pricing**
